

SEPTEMBER 23, 2022

Spartan Update

Empowering a Community of Accomplished and Caring Citizens!

CREATING A CULTURE OF EXCELLENCE

By Mr. Raycroft

Welcome to our first newsletter of the year. The goal of this newsletter is to update families and the community on everything Strathmore High School has to offer. We also hope that it is another way for families to be connected to information at the school and keep up to date.

At Strathmore High School our mission is "Empowering a Community of Accomplished and Caring Citizens"! We use that to guide our decisions and to try and steer our students towards a successful future. We also believe that being connected to the community is a responsibility that we don't take lightly.

Please take the online survey (link) and give us your feedback on some questions we have about Strathmore High School. We want to hear from you!

Athletic Update

Congratulations to all Spartan athletes who have earned a spot and will be participating on a school team! It has been a great start to football, girls soccer, volleyball, golf, and cross country.

September 17 - 25, 2022 was National Coaches Week. We recognize and appreciate the time and devotion our teachers and community members commit to school sports.

Did you know that many of our sporting events are livestreamed? Subscribe to SHS YouTube page to view at anytime. You can find the link on our Strathmore High School website at www.strathmorehighschool.com. Under the Quicklinks tab click the YouTube icon.

STUDENT SERVICES

By Mrs. Galandy and Ms. Westgard

September's start brings a whirl of activity to the Student Services office. Our school counselors are currently helping students plan and change schedules. SHS has had an all time increase in students to our school and we are so excited to welcome everyone.

Mrs. Galandy and Ms. Westgard are working at presenting to the Grade 12 students regarding graduating from Strathmore High School through the month of September. With early admission looming on the horizon this information is valuable for those students moving on to post-secondary in the Fall of 2023. To stay up-to-date with all information please check our website. [click here](#). Our counselors will then meet with every Grade 12 student in order to plan for life after high school.

SHS has so many courses that we offer! Our Registration Guide is a detailed booklet on what is happening in our school and is updated year to year. If you are interested in viewing please - [click here](#).
